## Why should I consider enrolling my child in LAP?

### Is your child...

- ***struggling to keep up in a particular subject?***
- ***having difficulty focusing in class?***
- ***dealing with a learning disability?***
- ***learning English as a second language?***

If so, your child would benefit from  
Oranewood Academy's

**Learning Achievement Program (LAP).**

- Individualized instruction can directly address your child's learning challenges in a supportive and nurturing learning environment.
- One-on-one tutor provides the opportunity for innovative instruction techniques designed to meet your child's needs.
- By targeting your child's learning style and strengths, his or her self esteem and confidence in their learning capability will grow.
- Regular evaluations and updates will assure you that the program is effective and your child is advancing.

In a pressure free environment, your child will be offered personalized instruction time with an experienced tutor. You help set the goals. Our LAP Coordinator finds the best methods to reach them.

## Frequently Asked Questions

### **What is the Learning Achievement Program (LAP)?**
